Work Experience

Senior Sales Executive

Careline365-Norwich

April 2018 to Present

- Regularly surpassing monthly targets and achieving the maximum end of the company Performance Related Bonus structure. I have regularly surpassed £100k in revenue per month, surpassing the 120% target level for maximum bonuses.
- Managed high-volume outbound and inbound sales calls, converting leads into long-term customers.
- Built strong customer relationships to drive repeat business and referrals.
- Effectively handled objections and negotiated pricing to close deals successfully.
- Recognized as a top-performing sales executive within the team. I am regularly trusted to develop and guide new recruits within the company and be a source of support when needed.

Previously within the company I have been a Customer Accounts Team Manager, overlooking the administration operations and customer finance teams. Overseeing a team of up to 20 people, my objectives were to ensure customer debts were maintained to a minimum by building strong rapport with our 80,000 service users, negotiating financial support plans and focusing on customer retention.

The job also allowed me to train and develop everyone within the team from their time joining the company, while being able to create individual targets and be held accountable for performance. I would be very open to once again work as a manager within the sales and customer service industry.

Duty Manager/Bar Manager

Duchy Hotels-Torquay

January 2018 to March 2018

In January 2018 I was appointed as a full time bar/restaurant member at the Headland Hotel in Torquay, a local highly established 3 star hotel and spa. This allowed me to reengage with my customer service skills and return to a high level of service expectations.

I was also being trained as a Duty Manager for the hotel. This furthered my responsibilities as I was required to perform tasks such as; overseeing the maintenance of the hotel and repairing any customer queries, setting the standard of customer service levels, being responsible for the health and safety of all the guests (including emergency and fire possibilities) , cashing up and having access to security/ safe keys. It is my responsibility to ensure the hotel is run as efficiently as possible and that every guest is satisfied.

As of February 2018 after a successful training period, my job title enhanced to Duty Manager/Team Leader.

I left this position in March 2018, as I permanently relocated to Norfolk.

Care Support Worker

Modus Care-Torquay

October 2017 to January 2018

Seeking a fresh experience and more direct interaction with people, I joined Modus Care as a Care Support Worker. I was based at Westbrooke Grange, a home to 5 service users who suffer with learning and mental health difficulties. The service users have a range of diagnosis including Autism, Aspergers, Schizophrenia and Diabetes.

It was my job role to ensure the safety, happiness and well being of all service users, and to assist them in living as regular a life as possible. On a daily basis I would communicate with service users to keep them active and happy, assist them with shopping/ outdoor activities, prescribe medication when necessary and to also maintain their safety when they at times become anxious or upset, and their behaviour potentially became challenging or threatening.

Bar Manager

Dartmoor Halfway Inn-Ashburton

March 2017 to September 2017

After returning from travelling at the start of 2017 I began working full time at the freshly renovated and highly established Dartmoor Halfway Inn. This position allowed me to reconnect with my best qualities, i.e., providing high quality customer service, and maintaining high standards of presentation and delivery of our products. I also developed new skills needed to succeed in working quickly but efficiently behind a very busy bar, and equally so as a front of house member in a thriving restaurant.

Farm Worker

Stewart's Farm-New South Wales, Australia

March 2016 to June 2016

I worked for 10 weeks on a sheep & cattle farm on the outskirts of Sydney. Here I worked 10 hours a day, every day of the week. It was the most unique and physically tough working experience I've ever had, but gave me a great insight and perspective into how much dedication it takes to be successful and persevere.
