An innovative, competent worker who thrives in high pressure scenarios and enjoys working to deadlines. Having experience in customer service for nearly 6 years I have gained a wide range of skills, from managing customer expectations to handling multiple streams of communication. I'm currently a retail assistant who has profound people skills which allows me to communicate effectively with a variety of people. I hold many vital skills that would give me a strong foundation in starting this position such as proficiency in a range of computer software, confidence in maintaining high standards and the organisational skills needed for this position. My personal attributes are what truly make me a strong candidate: the ability to create strong working relationships and an eagerness to seek new opportunities.
