

CHRIS KELLY

Dereham, Norfolk NR19

Versatile operations and customer services professional with strong experience managing high-volume casework, stakeholder relationships and budgets in fast-paced environments. Known for structured problem-solving, clear communication and taking ownership from first contact to resolution—balancing service quality, compliance and cost control.

Transferable strengths include governance-minded decision-making, accurate record keeping and reporting, handling complaints and sensitive conversations, and improving processes through SOPs and templates. PRINCE2-qualified and comfortable working across teams and partners to deliver outcomes to agreed timescales.

Professional Experience

Hammond Cars, Norwich

Oct 25 – Current

Warranty Claims Manager

Managed end-to-end vehicle warranty claims, acting as the key point of contact for customers and trusted garages. Built strong, collaborative repair networks that improved turnaround times and pricing, while maintaining robust cost control, accurate documentation and clear customer communication. Handled high volumes, produced monthly reporting and supporting dispute resolution and legal matters in line with Consumer Rights Act 2015 (CRA 2015).

- Averaged 230 warranty claims per month, maintaining accurate documentation.
- Owned a monthly budget of £100k, benchmarked costs across multiple sources, challenged overcharges and approved works to control spend.
- Strengthened garage relationships to secure preferential booking, quicker repair lead times and improved customer outcomes in a high-trust/low-trust market.
- Produced department reporting on monthly spend and run rate; maintained accurate case notes, approvals and customer updates to ensure audit-ready records.
- De-escalated distressed customers through clear advice and expectation management, providing reassurance and ownership through to resolution.
- Managed legal demands and complaints within the CRA 2015, liaising with legal advice to shape responses.
- Prepared packs (timelines and supporting documents) to recover costs from garages for poor workmanship. Securing acceptance of a £10k claim and supporting the successful defence of multiple court claims.
- Improved governance and consistency by rewriting warranty terms and conditions and creating SOPs and customer templates (claim instructions, PO approvals, repair rejections, and recommended garage list).

A2D Electrical, Norfolk

Jan 24 – Oct 25

Account / Project Manager

Directed team innovation and customer engagement by presenting actionable insights during strategy meetings, leading to improved results. Secured client loyalty by consistently managing expectations and upholding transparent, proactive communication. This enabled informed decision-making by providing precise options after thorough project assessments. Ensured smooth, efficient client processes by engaging at varying stages with expertise.

- Elevated customer experiences, transforming customer journey through guidance and relationship-building.
- Boosted client outcomes by recommending options aligned to scope, budget and timescales, using a clear understanding of project requirements and risks.

Ingram Micro Services, Norwich

Mar 22 – Jan 24

Account / Project Manager

Empowered clients to reach growth targets by aligning with project goals and offering strategic support tailored to needs. Maintained strong customer engagement and confidence through regular participation in team and on-site meetings. Delivered insightful Monthly Business Reviews to clients, highlighting performance achievements and key metrics. Strengthened client partnerships by improving communication channels and resolving challenges effectively, keeping high levels of performance under pressure.

- Fostered long-term client success by overseeing and nurturing relationships with major accounts (Three, LikeWize, Amazon, Assurant), reporting directly to UK Sales Director.
- Orchestrated successful implementation of new projects, meticulously managing timelines and requirements for multiple high-profile organisations.
- Enhanced operational efficiency and boosted ROI by introducing innovative processes that streamlined workflows and maximised productivity.

Hyundai, Portsmouth

2019 – Mar 22

Senior Sales Executive (Motability Specialist)

Collaborated with Sales Manager to drive sales of both new and pre-owned vehicles. Provided expert advice and effectively guided customers through decision-making process and confirming successful sales closures. Conducted thorough financial assessments of potential buyers, guaranteeing best possible finance packages tailored to needs.

- Directed sales lifecycle from initial contact to completion, assuring streamlined and satisfying experience.
- Led multiple sales concurrently, maintaining precision, high approval ratings, and efficient sales outcomes.
- Outperformed monthly sales objectives and consistently surpassing targets.
- Achieved recognition as Hyundai's top salesperson across Europe for six consecutive months.

Royal Caribbean, Worldwide

2013-2019

Merchant Navy Cadet

Oversaw comprehensive safety inspections, managed emergency drills, co-ordinated maintenance activities, and handled navigation and watchkeeping duties. Monitored and optimised navigation routes to ensure accurate course and avoid potential hazards, contributing to safe and efficient travel. Mentored and trained junior officers, fostering skill development and enhancing team performance, contributing to high-functioning crew. Engaged with cruise ship guests by conducting informative bridge tours, hosting dinners, and social events, enhancing onboard experience.

- Executed Bridge Officer responsibilities, including precise navigation, vigilant watchkeeping, meticulous record-keeping, and completion of regulatory documentation.
- Participated in monthly performance reviews with Staff Captain, addressing any safety or maintenance concerns, and setting ongoing operational goals.
