I am a hardworking and passionate individual who is always striving to do their best. I have extensive experience in customer service and sales in busy and fast moving environments. I have lots of experience with helping people find the right product to suit their needs and am always willing to go the extra mile to deliver a great service. Furthermore I have great analytical skills, evidenced throughout my career, and throughout studies at University of Birmingham.

Work Experience

Manager

Digital Phone

Store Manager

Digital Phone Company Limited-Norfolk

August 2024 to Present

- Store management duties including key holder, store presentation and stock management
- Staff management, including the training of new starters
- Strong focus on customer care, particularly for those who require additional support with modern technology
- Identifying and closing sales opportunities across mobile, broadband and TV including promotion of our B2B solutions
- Managing existing customer databases to ensure maximum retention rates
- Identifying opportunities to promote the brand across new territories, including use of traditional advertising and social media management
- Complaints handling from first contact to full resolution to retain business

Community Sales Executive

County Broadband-Norwich

April 2023 to May 2024

- Lead the sales generation phase for a specific location where the business had identified as a build location for their full fibre network
- Liaised with different stakeholders in local communities such as business leaders, local government leaders and local residents
- Dealt with all queries and administrative tasks in a timely and professional manner
- Worked towards monthly and quarterly targets set by the business and personally
- Identified marketing opportunities to increase brand awareness and drive sales of our service
- Managed customer accounts using our personalised CRM system

Operations Coordinator

Comm-Tech Voice & Data Ltd-Norwich

August 2022 to April 2023

Working in the Operations team I took on multiple projects and day to day tasks dealing with the management of mobile, fixed line and IoT services. Managed the project to move 2000 numbers from one supplier to another, and set the wheels in motion on a project 10 times in scale.

Field Expert

Enjoy Technology-Norwich, Norfolk

February 2022 to July 2022

- Visiting customers who had either purchased new services from BT and EE, or were having issues with their services
- Provide solutions to these customers and leave them with a 10/10 service
- Identify further opportunities for sales with the customers and their friends and relatives and process the sales creating revenue for the company
- Worked to monthly targets with ever changing priorities set by the company, almost daily at times

Customer Experience Agent

bgo Studios Limited-Norwich, Norfolk

July 2021 to November 2021

- Engaging with customers through Live Chat and email, as well as making outbound calls in line with our Anti Money Laundering and Responsible Gambling policies and procedures.
- Providing an outstanding customer experience at all times through the delivery of expert product knowledge and an ability to resolve customer queries efficiently.
- Conducting player source of wealth checks, processing payments and reviewing accounts to identify fraudulent activity prior to funds leaving the system.
- Collating customer facing business information, running daily reports to establish fraudulent activity and identify player trends and reporting this information to senior management.
