Professional Summary

Having 4.6 years of experience in the shipping and logistics field, with a proven track record in managing end-to-end logistics operations and optimizing supply chain processes. I am a CIPS qualified professional with strong expertise in logistics management, import/export operations, and process improvement, consistently focused on enhancing efficiency and exceeding SLA/KPI targets. I bring solid practical experience in streamlining workflows, solving complex operational challenges, and improving supply chain efficiency, supported by advanced skills in Microsoft Office and data analysis. Having recently completed my MSc in International Logistics and Supply Chain Management, I am committed to continuously expanding my knowledge and adapting to evolving industry demands. I am seeking a challenging role where I can leverage my expertise to contribute to organizational success while further advancing my professional growth.
