I deliver high quality customer service in a busy restaurant environment, ensuring a positive experience for all customers. I am responsible for taking customers orders and payments efficiently using till and card systems. I work collaboratively with the kitchen staff to ensure all dietary requirements are met and follow food hygiene and safety procedures at all times. I also work on the coffee bar, ensuring all drinks are made quickly and efficiently to keep aligned with food wait times.

Home Shopping Picker

I am currently responsible for picking the customers orders during the night, when the store is closed. I must ensure that I keep to the time tracker, that the customers receive an adequate substitution if required and that all the orders are picked within the shift. When necessary, i stay beyond my shift to support the rest of the team and am frequently asked to pick up extra shifts to cover the department. I have adapted to working shifts at varying times and am flexible around my working hours.

I have an excellent telephone manner ensuring that customers needs are taken care of, this has helped me gain good communication skills.
