

Curriculum Vitae

Personal Details:

Name: Jonathan Ian Salisbury

Date of Birth: 8th April 1987

Address: 7 Lakeside Rise, Blundeston, NR32 5BE

Telephone Number: 07702 890964

Email: jonsauze@gmail.com

Personal Statement:

I would describe myself as a problem solver who enjoys proactively transforming processes and ideas along with working within existing methods to undertake the work I do to exceptional standards. I would class myself as being a positive thinking individual who is approachable and able to maintain healthy professional relationships and like to encourage my work peers by reminding them of the impact, they can make for themselves, the business and key stakeholders, whilst also striving to be the best myself.

I have experience of leading teams and encouraging excellent performance amongst team members by keeping training up to date and encouraging individuals to use their strengths to help the team fulfil their goals. I also have experience of recruitment, disciplinaries and performance management from my time managing teams varying in size from 3 to 30. My management experience has helped me understand the importance of developing those around you, allowing them to grow, using delegated tasks or one to one mentoring to bring out the best of each individual.

I consider myself to be confident in communication both verbally and written, with strong interpersonal skills, I am computer literate and have a great understanding of Microsoft Office software and have good keyboard skills.

I am proud to have spent time as a voluntary police officer and I also have experience of being a youth and student worker. Both roles have provided me with transferrable skills along with great satisfaction knowing that I can make a positive impact on the community around me which I can also apply to the workplace. I

have been an Active Governor at my daughter's school, this has provided me with experience in stakeholder meetings and oversight for many individuals, monitoring standards with responsibility for overseeing staff recruitment and wellbeing within the school. I also engage regularly on student and staff absence and attendance helping to update policy as and when needed.

I have achieved a degree in politics with the Open University as I believe that as an individual it is important to continue my education as I feel that it is imperative to continue to learn and grow.

Achievements:

My achievements include getting promoted within six months of starting a role on two occasions, firstly at Sainsbury's and then also at Severn Trent.

I am Also proud that during my time as a customer service specialist at Severn Trent, I was shortlisted for the companies Rising Star Award.

Regarding my sales roles, I also regularly achieved my sales targets and often outperformed others within my team, winning employee of the month on numerous occasions.

Away from work I have appeared in numerous tv shows alongside my marching band, including a sky sports advert and the lord mayors show. Also, during my time with the band, I won the Award of Brass player of the year.

I also was a fond athlete and was proud to have represented the school at the 100m and long jump events.

Experience:

ITT Trainee Teacher – OAT East (NIOT)

Trainee Geography teacher

September 2025 – June 2026

As a trainee teacher I have worked in 3 different school settings with varying levels of student ability and behaviour, also with a variety of different social backgrounds with many of the students I have taught across the schools being pupil premium, I have used adaptive teaching to help support students with SEND and also EAL. I

am passionate about my subject and teach Geography with a sense of enquiry helping the students explore through many topics of geography with intrigue, I have also spent time working with challenging behaviours and helping students regulate in order to help with their learning and keep them engaged.

Telemetry Technician

November 2020 – May 2022

My role as a telemetry technician is to manage the water and waste network and reactively looking to resolve any concerns or supply issues quickly and efficiently using a live-time alarm system. Dispatching any jobs that need attendance to field operatives. To fulfil this role, I Work closely with stakeholders both internally and externally, making sure high standards are always met and regulatory practices are kept up to date and are meeting compliance targets, the fallout if I was to mishandle an alarm would lead to potential pollutions, resulting in damage to properties and a multi-million pound fine for the company. The skills required for my role include: -

- Process improvement
- Data Analysis
- Data Management
- Triaging
- Customer service
- Project Management
- Coaching

Customer Services Subject Matter Expert

April 2018 – November 2020

Having spent six months as customer service advisor and consistently hitting outstanding in m performance reviews, I decided to take a step up in my career to

further develop myself and learn new skills. My role as a subject matter expert, was to provide support to junior Customer service agents and to handle water quality complaints that came into the call centre, I would do this by arranging for water samples to be taken, where necessary and talk through the different elements of their water. I also took up the responsibility of Engagement lead, within the call centre, arranging for external companies to run events and training, so agents could develop themselves, and used this Lead area to create a fun and exciting environment to work, working to a budget to arrange for incentives and competitions on a regular basis.

- Process improvement
- Data Analysis
- Data Management
- Customer service
- Project Management
- Coaching
- Colleague engagement

Customer Service Specialist

November 2017 – April 2018

This role was a customer facing role within a call centre, managing customer queries and complaints, from query to resolution, maintaining high standards throughout

- Customer Service
- Call handling
- Complaint management

Astleys

Account and Sales Administrator

May 2015 – November 2017

My role at Astleys, required me to manage ongoing commercial accounts, offering new products to meet their business needs and providing up to date catalogues of products already sourced, making sure customer satisfaction was constantly high, I also took on a PA role for one of the directors, making sure their diary was constantly up to date and they were aware of their weekly and monthly metrics, advising which

accounts were not spending as much as usual, arranging for visits for the director to attend and discuss any issues that may have occurred

- Customer Service
- Account Management
- Complaint handling
- Product placement
- Sales
- Administration

The Policy Shop

Insurance Sales Advisor

July 2014 – May 2015

This role required me to source and provide insurance for young drivers, making sure they have cover that will protect them to a high standard at a reasonable price.

- Sales
- Customer Service

Insurance Choice

Insurance Sale Advisor

August 2013 – July 2014

My role at Insurance choice was selling and ongoing customer service for home insurance products for property developers and high-risk accounts such as convicts, this required me to provide insurance that protected them against the high risks customer may encounter.

- Customer Management
- Customer service
- Sales

Bupa Healthcare

Administrator

February 2013 – August 2013

During my time at Bupa, I was responsible for the processing of new applications, these came in single format or batch upload from external companies benefit schemes. Making sure that all information was accurate and clear, and the correct product was selected for everyone as well as scrutinising the work of others. I also undertook a project to modernise the way the department handled applications, reducing paper usage and providing better document storage for GDPR purposes.

- Administration
- Quality control
- Project management

BGL Group

Insurance customer service/sales/retentions

September 2010 – February 2013

At the BGL group I sold insurance policies as an intermediary, also making mid-term adjustments and ongoing customer support through the lifetime of their insurance policy with us, offering high standards throughout.

- Sales
- Customer Service
- Retentions

Sainsburys

Nightshift Leader

January 2006 – September 2010

In my position of night shift Leader, I was often the most senior employee within the store, which meant I was responsible for the welfare of my colleagues, making sure I was regulatory compliant. I was also responsible for the day-to-day care of my colleagues, which involved offering training where needed, making sure my team were effective at their roles, I would also allocate the work at the beginning of shift making sure there was an even split between all colleagues. I also led recruitment drives and disciplinary procedures when they were needed.

- Store Compliance
- Work Allocation
- Coaching and training

- Behaviour management
- Health and Safety

Customer assistant

September 2005 – January 2006

My first full time job was working as a customer assistant, my role here was maintaining volumes of groceries and other items on the shelves, for customers to buy. I also made sure that perishable items were rotated so the items that would be out of date sooner were at the front for customers to purchase. I also assisted on the tills when the queues got busy.

- Cleanliness of store
- Customer Service
- Till operation
- H & S compliance
