Work Experience

Administration Assistant

Careline365-Norwich

September 2023 to Present

A Brief Overview:

I joined Careline365 as a Customer Support Executive in September 2023 and within one month of joining the company I moved over to my role as Technical Support Assistant. I am currently working within the Business Support Department of the company.

- Worked with a CRM System on a day-to-day basis as well as online payment sites such as Stripe, GoCardless and Smart Debit.
- Answered inbound calls via our call system Genesys throughout the day to provide assistance to service users or potential customers.
- Efficiently explained the products we sell and how they operate - upselling where possible.
- Processed telephone orders, assisting the customer throughout every step of their journey.
- Provided a high standard of customer service when assisting service users or customers with their needs.
- Processed renewal payments, set-up re-occurring billings and direct debits for customers.
- Used Teams to organise meetings and communicate with different departments within the contact centre - offering assistance to co-workers throughout the day.
- Assisted co-workers and customers with technical issues, demonstrated trouble shooting and problem solving skills, used systems such as: DMP, CSL, Genie, Joktek, EVO, 110Track and SmartCare Locate.
- Previously responsible for Appello technical cases - worked closely with the support team at Appello to ensure clients were receiving assistance in a timely manner.
- Assisted customers with the cancellation of their accounts, providing empathy and compassion where necessary - attempted to retain customers when suitable.
- Replied to customer emails with a professional demeanor and attitude.
- Performed Quality Control checks on co-workers to ensure we (as a company) are delivering the highest standard of customer service possible.
- Responsible for overseeing a Live Chat, responding professionally to customers queries within a given time period.
- Performed direct debit audits, adapting efficiently to the task at hand.
- Handled email complaints with a professional mannerism, ensuring the customers concerns were heard and handled appropriately.
- Processed refunds via the payment platforms Stripe and GoCardless.
- Processed customer changes, ensuring data remains as accurate as possible.
