Employment History

May 2022 – Present
Aviva, Norwich (FCA)
Customer Service/Call Compliance Agent/Quality Assurance
Team Leader Customer Service (6 Month Secondment)

Customer Advocate within Quality Assurance for UK Direct Insurance. Experience across customer service, appointment booking, and liaison with third-party contractors and stakeholders. I have completed multiple training opportunities throughout my tenure, most recently completing a data analytics and AI programme over 10 weeks hosted by Credly.

Supporting and managing customer queries across multiple products lines whilst ensuring outstanding service, outcomes and KPI/expectations are met at each touchpoint. All feedback and next steps are captured within the CRM for future engagement and opportunities.

Additional responsibilities include auditing customer interactions for complaints and customer service via phone, live chat and email, identifying risk of customer harm, coaching agents via side-by-side sessions and group calibration sessions, and ensuring regulatory compliance.

Tasked to deliver FCA compliance audits and deliver outcome & results to senior leadership and board members in-line with business metrics and 'good' performance outcomes.

Achievements & Successes

- Seconded to team leader within 'live chat' team, managed to exceed team based KPI's and metrics
- Implemented the use of speech analytics and Copilot AI into the QA team, driving efficiency and automation.
- Data citizen bootcamp, hosted in partnership with Credly. Focussing on data interpretation, analysis and delivery to a wide range of stakeholders to determine and define project outcomes and ROI.

February 2022 – May 2022

Norfolk and Norwich University Hospital

Medical Receptionist – Respiratory Medicine

Working within the Norfolk and Norwich hospital, allocating and tracking medical equipment allocated to patients or returned following completion of treatment or replacement. Ensuring accurate stock checks were completed and the storage areas were well organised and laid out clearly for medical staff.

Also responsible for ensuring billing information was accurate from third party stakeholders by checking unit serial numbers against stock information. Making and receiving patient calls and responding to department voicemails left out of hours. Writing patient letters via dictate swift and working 1 day per week on the reception desk, booking in appointments, welcoming patients and filing paperwork promptly and accurately.

Achievements & Successes

- Implemented a V-lookup tool via excel to better track individual equipment leased by the Hospital, ensuring accurate stock control.
- Reduced payments to third party companies by flagging anomalies in invoicing vs items held by the hospital.
- Supported the upskilling and coaching of colleagues on Microsoft platforms to align to employee goals and ongoing departmental development targets.

March 2018 – February 2022

Aviva, Norwich

Customer Service Agent (Insurance)

Providing an exceptional standard of customer service within both voice and E-commerce channels, in line with both the business and FCA requirements, obtaining a place within both the training and future leaders talent pools gaining valuable experience in coaching and development of new agents.

Achievements & Successes

- Continually celebrated via internal rewards as a top customer service agent, relied on by my peers and leaders for my ability in rapport building and defusing difficult customer calls/ emails.
- Invitation to both the training pool and team leader pool (providing holiday cover and training assistance for larger groups) within only 6 months of starting my insurance/CS career.

Prior employment

The Georgian Townhouse - Sous Chef – 2017-2018

The York Tavern – Head Chef – 2015 – 2017

The Red Herring – Head Chef – 2014 – 2015

About me

I love to cook and entertain and have a real passion for animals and animal care, keeping cats and exotic reptiles. I am also a keen gardener, growing various food crops for my household, and enjoy the tabletop wargaming hobby as a creative outlet.
