- Multitasking
- Knowledge, understanding and regular use of CRM, and Microsoft office
- Excellent telephone and email communication
- Strong communication and negotiation
- Flexible and adaptable
- Full, clean driving license
- Able to work well with a team and on my own steam
- Build strong relationships with customers and co-workers

Employment History

2024 - Present Asda - Nights service colleague - permanent full time

My responsibilities as night service colleague includes, providing customer service:

- Greet and provide support to customers
- Answering any questions or queries that customer had.
- helping customers locate items.
- Advising alternatives to out of stock items if possible.
- Efficiently manage stock replenishment and rotation across multiple departments and areas of the store, ensuring compliance with established layout and merchandising standards.
- Optimising my workflow to ensure a timely completion of duties.
- Working diligently and effectively as a team and on occasion solo.
- Safe and compliant use of equipment, including powered pump trucks.
- Ensuring the store floor is tidy and free of debris, and removal of damaged stock.

2019 - 2024 Gasway/ Flagship Housing Group - Norwich

Customer Service agent - full time

In my role as a Customer Service Agent for Gasway, I took inbound calls from clients across the East Anglia region.

I listened to their requests and cross referenced their requirements with our most suitable engineers, booked appointments at a time suitable for the customer and provided safety information as required and suitable to their circumstances based on risk and government guidelines.

I liaised with insurers, when a customer had an insurance plan for their boiler, the request to attend would come from said insurer. I booked their customers in for boiler services and repairs, and confirmed upon completion of the task.

This role developed my understanding of customer care, attention to detail and multitasking as it required quick thinking and customer resolution.

In addition to this, I learned a great deal about vulnerable customers, prioritisation of work, scheduling and time management.

I frequently offered additional support to the office. Gasway is a 24 hour service and I have frequently covered night shifts and weekends when needed. This speaks to my flexibility and team spirit.

As an additional role, I was appointed as a Fire Marshall, where I learned what safety requirements are in place should a fire occur, and take ownership of fire drills. This helped me learn leadership qualities as it is important to be authoritative in an emergency situation, whilst ensuring adherence to the fire safety protocol and keeping our team safe at all times.

Key Responsibilities -

- Client account management
- Learning and using knowledge of multiple social housing, private, commercial customers and internal processes
- Answering inbound calls, emails and live chats from customers across East Anglia
- Escalating outstanding customer requests
- Providing customer's with good journeys throughout their time speaking to Gasway
- Making every call the best customer experience I was able to
- Upselling of Gasways' coverplan
- Using the Customer Management System to log repairs and each customer interaction
- Meeting and exceeding expected standards in call monitoring
- Knowledge, understanding and adherence to GDPR

2018 – 2019 St Andrews Brew House, Norwich Kitchen Porter / Assistant - Full time

Responsibilities – Kitchen porter duties, covering Chef De Partie duties as required, prepping of food, working service, weekly and daily deep cleans, organising and management (stock rotation, deliveries, date labels) of walk-in fridge and freezer.

2016 – 2018 Rocky Mountain Pizza Project & Gonzos Tea Rooms, Norwich Assistant – part time

Responsibilities – Friday and Saturday night shifts at Pizza take-away in Norwich's busiest and most renowned night scene street. Working shifts until 4:00 am serving customers, making pizza and occasional deliveries. Also Kitchen work shifts for sister Company Gonzos Team Rooms.

2016 – 2017 Alliance Disposables, Norwich
Driver – full time

Responsibilities – delivering catering and hygiene products to customers including: pubs, restaurants, health clinics, hospitals and small businesses based within IP and CO postcodes, using a Renault master van. Economic use of time and timeframes whilst ensuring a polite and courteous customer service.

2015 - 2016 Bgo Studios Ltd, Norwich
Online Customer Service Agent and Tech Specialist

Responsibilities – Responding to all customer queries using email and live chat to resolve problems regarding the site and its offers. I possess a broad knowledge of promotions, terms and conditions, gaming legislation and was one of a small inner team with the additional responsibility for handling all tech related player issues (failed game rounds/payouts, stuck games). As part of this additional responsibility I liaised with third party game providers, senior management, plus our internal quality assurance and development team – reason for leaving, redundancy.

Experience prior 2015 within hospitality, catering and fabrication environments
