

Paul Nettleship

Operational Excellence | Data Analytics & Automation | Strategic Leadership.

Acle, Norfolk | 07942 323363 | pjn1975@outlook.com

Professional Profile

A versatile and results-driven leader with a 13-year track record of driving operational efficiency at Virgin Wines. I bridge the gap between complex data analytics and human-centric leadership, specialising in using Excel and VBA automation to streamline business processes. Whether launching a startup from the ground up or managing high-level forecasting for a national brand, I focus on delivering “above and beyond” results through reliability, technical innovation, and expert communication.

Core Competencies

Data and Automation: Expert-level Excel & VBA; CRM implementation; task automation and performance analytics.

Operational Leadership: Managing multi-disciplinary teams, forecasting and strategic planning.

Customer Experience: Specialist in escalated complaint resolution and service performance boosting.

Business Development: Full-cycle business ownership, from digital marketing to logistical infrastructure.

Training and Mentorship: Dedicated to knowledge transfer; 40% of previous management tenure focussed on staff development.

Professional Experience

Founder & Director | Norfolk Camping Holidays Limited | Mar 2025 – Apr 2026

Entrepreneurial Launch: Established a niche tent-hire and logistics business, managing all aspects of company foundation, website development and marketing.

Strategic Partnership: Forged key relationships with campsites along the Norfolk Coast Path to create a seamless “walking holiday” infrastructure.

End-to-End Management: Oversaw complex logistics, customer luggage transport and business administration.

Forecasting and Planning Manager | Virgin Wines | Oct 2011 – Jul 2024

Data-Driven Growth: Provided high-level performance analysis to the Director of Operations, identifying trends and implementing data-backed recommendations to boost the team output.

Career Progression: Rapidly promoted through five distinct roles (Agent > Team Leader > Manager > Performance Improvement Specialist > Forecasting and Planning Manager) based on consistent results.

Quality Control: Managed all high-priority escalated complaints, ensuring brand reputation remained intact.

Team Development: Dedicated 40% of the role to training and feedback, fostering a culture of continuous improvement within an award-winning Customer Service Team.

Technical Skills & Training

IT & Systems: Advance Excel, VBA, Pascal Coding, Microcomputers & Business Applications.

Professional Development: WSET Level 2 (Wine & Spirit Educational Trust).

Advanced Seminar Topics: Time Management, IT Security, Personal Security, Defensive Driving, Evasive Driving, Skid-car Training and Surveillance Techniques.

Earlier Career Snapshot

Norfolk Trading Standards: 9 years of service in a regulated environment.

Account Handler (B2B Sales): 5 years of driving revenue and relationship management.

Credit Controller: 1 year of financial oversight.
