Professional Summary

Detail-oriented and highly organised professional with a strong background in IT testing, administration, and customer-facing roles. Experienced in working within fast-paced, high-pressure environments, demonstrating the ability to prioritise workloads, meet deadlines, and maintain accuracy while managing competing demands.

Proven ability to take responsibility for tasks, coordinate activities, and support teams to deliver high-quality outcomes. Demonstrates leadership through initiative, accountability, and a proactive approach to problem-solving, ensuring issues are identified, addressed, and escalated appropriately. Skilled in working both independently and collaboratively, with a strong focus on supporting colleagues and maintaining efficient service delivery.

Experienced in documentation, data handling, and digital systems, with a strong understanding of structured processes, compliance, and attention to detail. Background in IT testing has developed analytical thinking, accuracy, and the ability to improve processes and system quality, while business ownership experience has strengthened decision-making, organisation, and accountability.

A committed professional, who is reliable, and ensures a focused approach. Dedicated to continuous improvement, delivering high standards of work, and contributing positively to team performance and service outcomes.

Core Skills

- MSc Computer Science – Distinction
- BSc Computer Science – Upper Merit

Supporting Statement

I am highly motivated and look forward to contributing to high-quality administrative service through strong administrative, digital, and organisational support.

I demonstrate leadership by taking responsibility for tasks, supporting colleagues, and ensuring work is completed to high standards. I prioritise workloads and coordinate activities effectively.

I take initiative to identify issues, make decisions within my role, and escalate appropriately to maintain service quality.

I have experience supporting teams, improving processes, and ensuring accurate documentation across roles.

I am a strong team player and confident working independently, taking ownership of tasks and delivering results.

I am committed to continuous improvement, and I am eager to contribute positively to service delivery.
