

Simon Chigozie Onwudiwe

Customer Service Administrator · Maintenance Coordination · Lettings Administration

Norwich, UK · 07874 768870 · simononwudiwe@gmail.com · linkedin.com/in/simon-onwudiwe-34a3b5228

WHY JONES & CO

Jones & Co is one of Norwich's most trusted and forward-looking independent lettings agents — built on local knowledge, genuine client focus and a reputation for getting results. Having relocated to Norwich, I am looking to contribute to a team that shares my commitment to integrity, clear communication and continuous improvement. The ambition described in this role — to become one of the most trusted and innovative lettings agencies in the region — is exactly the kind of environment where I do my best work.

PROFESSIONAL PROFILE

Organised, resilient and customer-obsessed administrator with a strong track record of managing high volumes of communication, coordinating tasks end-to-end, and ensuring nothing falls through the cracks. Experienced in operating multiple CRM and case management platforms simultaneously in fast-paced, SLA-driven environments. Holds an MSc in Project Management and brings a structured, ownership-first mindset to every role. Known for proactive communication, accurate record-keeping, and the ability to stay calm and professional when priorities shift quickly.

CORE COMPETENCIES

- ☐ Multi-CRM & property management system navigation
- ☐ High-volume email, phone & written communication
- ☐ Maintenance coordination & contractor management
- ☐ Accurate record keeping & compliance administration
- ☐ Proactive stakeholder updates & customer clarity
- ☐ Risk escalation, problem-solving & follow-through
- ☐ Process improvement & standard operating procedures
- ☐ Resilience, ownership & working at pace

PROFESSIONAL EXPERIENCE

Energy Expert / Customer Service Consultant

Jan 2025 – Present

PDCS – Past Due Credit Solutions · Norwich (remote) / Glasgow

Inbound contact centre role managing energy account work for E.ON Next and Scottish Power in a high-volume, target-driven environment.

- Operated four simultaneous CRM and case management platforms (Kraken, DAT, Ui5 and a proprietary system) to resolve customer disputes at pace — directly transferable to multi-platform lettings environments.
- Delivered proactive, professional updates to customers at every stage of their case, ensuring no one was left without a clear next step — the same expectation set for tenants and landlords at Jones & Co.
- Managed a sustained volume of 8+ inbound calls per hour while maintaining full accuracy of records, compliance with process requirements and quality of written case notes.
- Handled sensitive financial conversations with empathy and discretion, consistently achieving monthly collections exceeding £15,000 through structured, customer-centred problem-solving.
- Escalated complex disputes, compliance risks and delays quickly and clearly to supervisors, demonstrating sound judgement about when to act and when to refer.
- Maintained accurate case records, payment plans and account notes across multiple client accounts, supporting team continuity and audit readiness.
- Worked to clearly defined SLA and KPI targets, consistently meeting performance expectations in a measured, accountable environment.

Facility / Customer Support Manager

Oct 2023 – Dec 2024

BP Petrol Station · Greenock

Operational management of a customer-facing site, covering stock control, equipment oversight, contractor coordination and complaint handling.

- Coordinated maintenance and servicing of site equipment (pumps, tanks, car wash, air machines), liaising with contractors and tracking jobs through to completion.
- Handled high volumes of customer interactions professionally and efficiently, resolving queries and complaints in real time.
- Managed stock levels and supplier relationships, ensuring accurate records and timely escalation of supply issues.
- Processed cash and card transactions accurately during peak periods, demonstrating consistent attention to detail and accountability.

Project Manager

Nov 2021 – Aug 2023

Sleek Architects & Associates Ltd · Abuja, Nigeria

End-to-end project management across residential development and community infrastructure — coordinating contractors, landlords, technical experts and regulatory bodies.

- Led a team of 8 technical experts to deliver a £55,000 solar installation project on time — sourcing contractors, supervising works, managing schedules and communicating progress to 12 landlords throughout.
- Coordinated water infrastructure and electrical installation projects across multi-landlord streets, managing all contractor relationships, site supervision and completion sign-off.
- Ran regular stakeholder meetings with up to 22 landlords simultaneously, translating technical updates into clear, accessible communication — directly relevant to landlord and tenant management.
- Maintained detailed project records, planning documentation and compliance submissions, demonstrating the accuracy and organisation required in regulated property environments.

Operations Manager

Nov 2018 – Feb 2021

ORADI – O-Analytics Research & Development Initiative · Nigeria

Day-to-day operations management across a portfolio of concurrent projects, events and stakeholder communications.

- Coordinated quarterly conferences attended by 300+ government and public sector stakeholders, managing logistics, communications and contractor relationships from planning to delivery.
- Handled escalated client inquiries and complaints, resolving issues efficiently and ensuring clear, professional follow-up.
- Managed project portfolios, publication schedules and data analysis workflows, maintaining accuracy and meeting deadlines consistently.
