Employment History

September 2025 – Safe Communities Coordinator for Bromford Flagship Live West

- Support and assist the Safe Communities team with administration and case management work.
- Ensuring that service delivery is in line with Bromford Flagship Live West policies and procedures.
- Being the first point of contact to our tenants and the wider community in discussing and triaging new antisocial behaviour reports, domestic abuse, fraud and other tenancy breaches.
- Providing a victim focussed service to those experiencing these issues by being empathetic, listening, providing achievable timelines and keeping victims up to date when required.
- Raising safeguarding concerns as and when applicable.
- Supporting the team with demands of the service and where required, attending visits with the team.
- Contacting police and/or other governing bodies for further information regarding reports that had been received.
- Attending OPT meetings as and when required.
- Working together with other areas of Bromford Flagship Live West to achieve positive outcomes to the tenants.
- Shadowing officers and other housing departments to have greater understanding of housing knowledge.

February 2025 – September 2025 – Conveyancing Assistant for Rogers & Nortons Solicitors

- Please see below at my time at Fosters Solicitors for job duties.

Maternity Leave – April 2024 – February 2025

February 2022 – April 2024 – Team Lead for the Triage and Support Line – Norfolk and Waveney Mind (started as Support Line Operative and became Team Lead within a month)

- Helping service users in a mental health crisis
- Contacting emergency services/safeguarding as and when required
- Signposting service users to appropriate service to help provide them long term support
- Dealing with any kind of situation given to me – this could be a high-risk crisis on the phone, problems with the team, someone has come into the Hub intoxicated and/or aggressive for example
- Managing a team of over 25 people
- Supporting my team with any difficult calls with service users/emergency services/other support contacts but also supporting them with problems within in their personal life
- Contacting other professionals using a multi-agency approach to help service users access more support but also to try to help provide them with better support
- Attending professionals' meetings
- Gathering further information required when a new service user is accepted into our service
- Helping to triage service users in
- Referring service users to other services within Mind & the REST Hubs
- Grounding service users
- Thinking on my feet to assist service users or my team that require help/support particularly in crisis situations
- Completing relevant paperwork ensuring that this is done efficiently

During my time here, I have helped tackle our 'legacy callers', we went from them using the line 79% of the time down to 10% meaning that new people can access our service in a much timelier manner. As well as, helping our long-term callers to fine better long-term support.

I also created a new form which we use to send professionals to advise them of something that they need to be made aware of ensuring that GDPR is secure, and we are following procedures.

My job role varies on a day-to-day basis, and therefore I never know what will happen on a shift.

Career break to be with young family.
