Personal profile

I am a motivated and organised individual seeking an administrative role, with strong communication, IT, and time-management skills. Able to manage tasks efficiently, maintain accurate records, and provide excellent customer service. Eager to learn, develop new skills, and contribute to a professional office environment. I have a great amount of experience in different work sectors all of which I have loved and learnt so much from.

Key Skills

- Microsoft Office
- Organisation
- Customer service/ communication
- Fast learner
- Creative, outside the box thinker

Work History

Retail Assistant | Farmfoods Norwich | August 2025- January 2026

I most recently worked as a retail assistant at farmfoods where I provided excellent customer service to all customers that walk through the shop door. Helping customers find what they need and making sure they have a great shopping experience every time was a key role for me. I spent the most amount of time at work on tills where I efficiently kept queues flowing and working hard to make sure all my customers walked away happy, while I wasn't on tills I would keep on top of making sure the store is well presented, tidy and well stocked.

Self-employed Domestic Cleaner | Norwich and close surrounding areas | January 2024- August 2025

I was self-employed as a cleaner; I cleaned domestic properties and did a little house keeping. I have done everything from light dusting to deep cleaning; I spoke to customers very regularly and I had a great connection with each of my customers. One offs or regulars I made sure each one of my customers feels safe, happy and satisfied with my work throughout my time working for them. During this time, I had also done all my own bookkeeping and financial side of this work.

Cafe Worker | Pausa – Dunelm Norwich | October 2023 to January 2024

As a cafe worker at pausa in Dunelm, I would do a bit of everything; getting stock from the fridge, cooking and serving food, taking orders at the till and even pot wash. This job was very reliant on teamwork, good customer service and being as efficient as possible which I found very enjoyable and thrived in that type of environment.

Relief Nursery Assistant | Busy Bees Nurseries – Norwich | September 2021 to August 2022

As a relief Nursery assistant, I worked with a variety of ages ranging from a few months to around 5 years old. I love working with children and young people, teaching them new skills and being able to create a trusting bond with them are some things that I've always wanted to achieve. I worked alongside my colleagues to create a well communicated and safe environment for everyone around us.
